(PDF) Understanding Men and Masculinity in Modern Society

This study employs Burke and Stets' Identity Theory (2009) and Connell's hegemonic masculinity (2005) to examine masculine identity among a group of 26 veterans. Using data from in-depth interviews with 26 former military personnel that now claim an anti-war position, the study explores how masculinity is (re)negotiated among these men.

Critical theory was born in Europe out of concerns among scholars about the powers of fascist states in the mid-twentieth century. The legacy of the so-called Frankfurt School is embodied in many research studies, critical pedagogies, and utopian visions put forth by critical theorists in education for the past forty years.
