The line of tension between both conceptions of equality is best illustrated through early feminist debates on difference. US feminism in the 1970s

Access Free Sharing The Difference Feminist Debates In Holland.

was structured around two key positions around the concept on difference, and the intellectual debate that was formed is one I find particularly interesting: are men and women equal by nature, or are they different?

The feminist debates on "difference": What does feminism

...

The term "difference feminism" developed during the "equality-versus-difference debate" in American feminism in the 1980s and 1990s, but subsequently fell out of favor and use. In the 1990s feminists addressed the binary logic of "difference" versus "equality" and moved on from it, notably with postmodern and/or deconstructionist approaches that either dismantled or did not depend on that dichotomy.

Difference feminism - Wikipedia

Under the sameness/difference debate, the central concern for feminists is to

Access Free Sharing The Difference Feminist Debates In Holland

understand the role of difference and how women's needs must be figured before the law. Sameness feminists argue that to emphasize the differences between men and women is to weaken women's abilities to gain access to the rights and protections that men have enjoyed.
