Supply Chain Management 5th Edition

The Fifth Edition of Supply Chain

Read Online Supply Chain Management 5th Edition 5th

Logistics Management presents Logistics in the context of integration within a firm's Supply Chain Strategy and Operations. The framework of Supply Chain Management is initially presented by creating a foundation for in-depth study of the five logistics operational components in Part Two. Challenges and strategies related to design and operational integration of logistics within a global supply chain are discussed in Part Three.
