## **History of England - Wikipedia**

The Story of Britain quickly went through British history from Roman times until about 2002. The author went into more or less detail depending on who she was discussing and usually kept most topics to about a chapter or less. A few topics like WWI and WWII were covered in more detail as they were larger events. My only issues were; 1.

The Britain of the year 2000 was unimaginable at the end of the Victorian era in 1901. The 20th century saw two world wars catalyse enormous social change across the country, including dramatic enhancements in health and education. The motor car stormed through town and country, transforming both, and Britain no longer ruled a third of the planet.
